\*Not applicable to 'Conservative' and 'Retirement' portfolios

\*\*Only applicable to 'Conservative' portfolios

\*\*\*Only applicable to 'Retirement' portfolios

^Not applicable to 'Retirement' portfolios

## Rationale for change

### Global Shares

Following a loss of conviction in the Magellan Global Fund, Barrow Hanley is being introduced to increase your portfolios' exposure to the 'value' factor. Barrow Hanley are a global manager with a four-decade track record focussed singularly on 'value' style investing (i.e., buying stocks at a discount to Barrow Hanley's perceived value) which has delivered outperformance over the long-term.

We have also up-weighted Vanguard to increase your portfolios' currency hedge ratio based on Zenith's current valuation views of the Australian Dollar.

### Retirement Portfolios

Magellan's allocation has been collapsed into Talaria and T.Rowe Price given our higher levels of conviction in these managers to generate attractive levels of income whilst delivering competitive total returns.

The change(s) will be effective as of 1 November 2022.

## Barrow Hanley Global Share Fund - Class Z

The Fund, managed by Dallas-based Barrow Hanley Global Investors (Barrow Hanley) and distributed in Australia by Perpetual Asset Management Australia (Perpetual), offers investors a currency unhedged, fundamentally-driven, benchmark unaware, value-orientated international equities exposure. Zenith has a high regard for the experienced investment team and, as such, we believe the Fund is well placed to meet its investment objectives.
